A SEXUAL HARASSMENT TRAINING PACKAGE

**FINALLY**, a video that looks at the **REAL DILEMMA** facing today's workforce - how to put your sexuality on hold at work while living in a sexually charged world.

## Let's Get Honest™

### *A Motivational Video*

We are exposed to a daily barrage of media images and advertising messages, all designed to appeal to our sexuality. Yet, when it comes to work we are appropriately asked to check our sexuality at the door. Let's Get Honest offers a real-world perspective to this challenge, delivering surprisingly honest solutions to a variety of workplace issues ranging from flirting and dating to clueless behavior and predatory harassment.

## He Said, She Said™

### *An Interactive Sexual Harassment Workshop*

In this video workshop, seven riveting scenarios challenge employees' beliefs and perceptions regarding sexual harassment, and inappropriate behavior at work. As the stories unfold, employees explore for the facts, read between the lines and hear from witnesses and experts. The interactive design allows trainers and/or learners to choose the style and pace of learning that best meets their needs:

- ▼ **Choose Workplace Setting**—Office, Industrial, Healthcare or Retail/Service
